To Inspector John J. Underwood,
Somerville, N.J.

My dear Inspector Underwood,

When your investigator
visited me I answered his questions candidly
and fully. In the newspapers the following morning
there appeared an account, I must suppose given
by him, absolutely distorting every statement I had
made. As I have no guarantee that any further
statement I might would not meet with the same fate
I must withdraw my assent to appearing before Sen.
Simpson,

Very truly Yours
